PROVIDER DIRECTORY

LOCATIONS OF PUBLICLY FUNDED MENTAL HEALTH SERVICES IN THE COUNTY OF LOS ANGELES

2014

The 2014 Provider Directory of Publicly Funded Mental Health Providers is a service location guide for mental health services. The Directory lists services available at Psychiatric Inpatient and Outpatient Short Doyle/Medi-Cal Facilities, Community Outreach, and Residential Facilities. The Provider Directory does not list service locations of Outpatient Fee-For-Service network providers.

The Provider Directory lists Provider Names, Address, Phone Number, Hours of Operation, Types of Specialty Mental Health Services (SMHS), Age Groups Served, Languages/Cultures, Provider Number, Non-Governmental Agency (NGA) Designation, Service Area Maps, and Map Locator Number. Providers are listed alphabetically within each Organizational classification such as Community Outreach, Inpatient, Outpatient, and Residential.

The Provider Directory is a resource to search for service providers in areas nearest to clients and providers. Service Area population Demographic Profiles are also included as an easy guide to basic information, such as the number of clients served, Threshold Languages spoken (American Sign Language also included) in each service location, number of providers, type, geographic distribution of mental health services within each Service Area. Providers are listed alphabetically by name and the primary mode of service. Each provider has a designated provider location number referenced on the Service Area Map titled *Provider Location with Map Location Number*.

The Providers listed in the Provider Directory can also be located on the internet using the Online DMH Provider Locator at: <http://maps.lacounty.gov/dmhSL/>. To use the Online DMH Provider Locator, type the complete address of your location in the website address window and click on "Search." The Online DMH Provider Locator will show the nearest locations on the map on the left side of the screen. Also shown will be the distance from your "Search" location and driving directions. Information on the Online Provider Locator can be translated into 50 or more languages.

In 2013, the LACDMH Service Area Provider Directories were revised to include the category of **cultures**. The new category now reads as **languages/cultures**. This addition highlights information on culturally and linguistically competent mental health services offered at service locations within our system of care. The listing of services under the category of **languages/cultures** aims to facilitate the ease with which consumers, family members, community members, and other stakeholders can locate mental health services that accommodate their individual preferences and needs. The Directories are also a resource to staff when seeking providers with cultural and linguistic competencies. Additional information on the definition and elements of culture and the National Culturally and Linguistically Appropriate Services (CLAS) Standards can be found at the US Department of Health and Human Services webpage on CLAS at: <https://www.thinkculturalhealth.hhs.gov/pdfs/EnhancedCLASStandardsBlueprint.pdf>

Rates

Prevalence Rate: The California Health Interview Survey (CHIS) at UCLA provides the estimated prevalence of Serious Emotional Disturbance (SED) for children and Serious Mental Illness (SMI) for adults for the County of Los Angeles by Service Area. These rates are applied to the estimated population to determine the number of people in need of mental health services.

Penetration Rate: This rate estimates the number of persons served by publicly funded outpatient mental health services, excluding Fee-For-Service Providers. The Penetration Rate is calculated as: The Number of Consumers Served in Outpatient Short Doyle/Medi-Cal Facilities divided by the number of people estimated with SED and SMI.

Retention Rate: This rate reflects the number of outpatient claims received by consumers in Short Doyle/Medi-Cal Facilities in FY 2013-2014.

Age-Group Served by Providers: The age-groups served by providers are: Child, TAY (Transitional Age Youth), Adult, and Older Adult. Providers serving Children serve consumers between the ages of 0 and 17. Providers serving TAY serve consumers between the ages of 16 and 25. Providers serving Adults serve consumers between the ages of 18 and 59. Providers serving Older Adults serve consumers 60 years or older.
